

These multi-functional modular table systems are ideal for use within the medical, research and educational establishments.

Our Fusion Table Systems are fully compatible with our Fusion Unit Range allowing the user to easily change the functionality of their modular system in accordance with their own preference and needs.

Freestanding Table

These fully welded table frames come complete with a Trespa Athlon worktop and incorporates either adjustable feet or industrial castors.

The worktops have chamfered edges and curved corners. These tables are 1500 x 750 x 900mm high and support a load of 210kg spread evenly over the worktop. All steel framing is manufactured from 40x40x1.6mm thick electric resistance welded seamless tubular steel box with all joints fully welded. Frames are then thoroughly de-greased prior to being Epoxy Powder Coated.

Mobile Table

Mobile Table with 3 No units

Each table is able to support up to 3 storage units. Units can be purchased at the same time as the tables or they can be easily installed into an existing bench from the Fusion Range at a later date.

Mobile Table with 2 No units

Suspended 4 Drawer

All these units are compatible with all the tables on the Fusion range and are designed to be suspended under the tables. Our unique suspension system allows the units to slide within the frame or be easily removed/added.

The overall sizes of the carcasses are 700mm High x 450mm Wide x 500mm Deep. Each unit weighs approximately 50kg, this has to be taken into account when loading the table.

Suspended Drawer & Cupboard

Specification

The under bench storage units are manufactured from Melamine Faced MDF. The carcasses are manufactured using mitred joints and fully grooved in backs making for a long lasting and durable unit. All seen edges sealed with 1mm thick ABS lipping. The drawers and doors are also manufactured from Melamine Faced MDF. All seen edges are sealed with 2mm thick ABS lipping's and come complete with a stainless steel 'D' Pull style handles.

Suspended Cupboard

These multi-functional modular table systems are ideal for use within the medical,
research and educational establishments.
