

Stomacher® 400 EVO & Eco bags

The world's leading laboratory blender has EVOLved

The all new design of the Seward **Stomacher® EVO** combines the gold standard attributes of the original **Stomacher® 400** with improved, easy to use features. The Seward **Stomacher® 400 EVO** provides maximum performance in sample preparation whilst reducing consumable and waste disposal costs when used with our Seward Stomacher® Eco bags.

Why the **Stomacher® 400 EVO**?

Save on plastic usage and waste disposal costs by switching to Stomacher® Eco bags

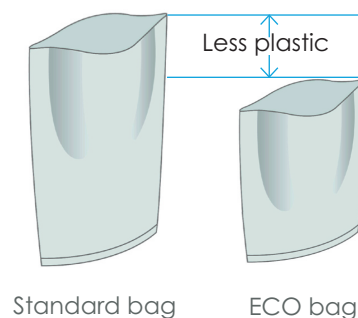

Easy to use with unique "one touch" bag loading and programme selection.

Easy to clean with detachable drip tray and paddles.

Enhanced technology reduces bench vibration and operational noise

Stomacher® 400 Eco bags

- ✓ Reduce plastic waste by up to 30%, compared to standard bags
- ✓ Less plastic, less waste, same results. Blending functionality based on traditional Stomacher® principle, no need to modify homogenisation protocols.
- ✓ Ideal for ISO 14001 laboratories or those with strategies to reduce waste
